Board of Selectmen

The Atkinson Board of Selectmen are pleased to report that 1995 proved to be a very stable year for the Town of Atkinson. We believe that proper steps have been taken on a fiscal basis to assure a relatively stable tax rate in the years to come and, while doing so, we will still be able to accommodate Capital Improvements the town needs to make.

We are pleased to have updated the salary matrix for town employees, and future boards should look forward to being able to reward town employees on merit performance ratings.

Because of the shrewd decision made by the voters at the 1995 Town Meeting to purchase the property at One Academy Avenue, the Board feels confident that a mutually agreeable arrangement will be affected between the Kimball Trust, the Town Library, Atkinson Fire Department, Cemetery Trustees, Historical Society and State of New Hampshire with regard to the intersection of Academy and Dow Common, and the not-too-distant future building program filled with major capital improvements for all of the above listed entities.

Our heartfelt thanks to the many volunteers who serve to provide fresh ideas, enthusiasm and effort which keep Atkinson Town Government vibrant and focused on the present and future.

We wish to thank the many town employees for their effort and devotion to the needs of town government.

The future looks bright for the town, and we feel stability in our town government and its infrastructure is the key to maintaining and enhancing the quality of community life for our residents.

Respectfully submitted,

Charles George, Jr., Chairman

Joseph DeRosa

Barbara L. Stewart

Town Warrant

and

Budget

ATKINSON TOWN WARRANT
STATE OF NEW HAMPSHIRE

TO the inhabitants of the Town of Atkinson in the County of Rockingham in said State, qualified to vote in Town Affairs -

You are hereby notified to meet at the Atkinson Town Hall on Tuesday, the twelfth day of March next at 8:00 o'clock in the forenoon, to act upon the articles required to be voted on by official ballot. By vote of the Selectmen, the polls for the meeting will remain open from 8:00 o'clock in the forenoon until 8:00 o'clock in the evening.

All voters are further notified to meet at 1:00 o'clock in the afternoon on Saturday, the sixteenth day of March next, at the Dyke Auditorium of the Atkinson Academy, to act on all other articles in this warrant.

Article 1. To choose all necessary Town Officers for the coming year.

Article 2. Senate Bill No. 2

By Petition of Cathy Thompson etal: "Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the Town?"

Yes **No**

Article 3. Two Year Road Agent`s Term

"Are you in favor of increasing the term of a town highway agent from one (1) year to two (2) years, beginning with the term of a town highway agent who shall be elected at next year's regular town meeting?"

Yes **No**

Article 4. Reduction of Frontage Requirements

"Are you in favor of the adoption of Amendment No. 1. to the Zoning Ordinance as proposed by the Atkinson Planning Board?" This amendment would clarify the procedure by which the Zoning Board of Adjustment may grant a reduction to frontage, as allowed by Section 490:1 REDUCTION OF FRONTAGE REQUIREMENTS. This amendment would add the words 'by Special Exception` into the existing text. The amendment language is as follows:
To add, after the word may, 'by Special Exception' to existing text of Section 490:1.
The amended Section 490:1 to read as follows:

The Board of Adjustment may by Special Exception reduce frontage requirements by no more than 33 and 1/3% where street layouts and lot shapes may lend greater usage of the property under consideration, provided, however, that at the building line, a distance of the required frontage is being met. (This means in an RR-3, 250 feet between lot lines; in an RR-2, 200 feet between lot lines; and in a TR-2 area, 200 feet between lot lines.)

Yes **No**

Article 5. Correction of conflicting zoning ordinances

"Are you in favor of the adoption of Amendment 2 to the Atkinson Zoning Ordinance as proposed by the Atkinson Planning Board." This amendment would delete Section 630 PLANNED RESIDENTIAL AND RECREATIONAL DEVELOPMENTS and delete Section 620:5b of Section 620 and replace it with a new Section 620:5b to define the density as one unit per acre maximum wherein community water and sewage treatment plant are used. The amendment language is as follows:

1) To delete Section 630. PLANNED RESIDENTIAL AND RECREATIONAL DEVELOPMENTS in its entirety; and

2) Delete existing Section 620:5b and replace with a new Section 620:5b as follows:

'(b) Residential unit density shall comply with the requirement of the TR-2 District, provided, however, that in order to provide for private non-subsidized adult and retirement housing alternatives, and where public or community water system, and municipal, public or community sewage treatment plants and services are available, the residential density within an RRRCD shall be calculated on the basis of not more than one residential dwelling unit per acre.'

3) To renumber in proper sequence.

(This amendment would correct two conflicting sections (Section 620 & 630) and clarify the density requirement.)

Yes **No**

Article 6. Conservation Approval Requirement Deleted

"Are you in favor of the adoption of Amendment No. 3 to the Zoning Ordinance as proposed by the Atkinson Planning Board?" This amendment would delete a reference for the approval by the Conservation Commission as required in Section 410:6c. This deletion would bring the Zoning Ordinance into compliance with state law. The proposed language is as follows:

To delete from Section 410:6c, (fourth line) the words 'and the Atkinson Conservation Commission.'

The amended text to read as follows:

'c. Such location and construction is compatible with the intent and purpose of this ordinance. After permission for such uses has first been received from the New Hampshire Wetlands Board, approval for such uses shall be obtained as part of subdivision and/or site plan approval or, if not applicable, by special exception from the Board of Adjustment.'

(This amendment would bring the Zoning Ordinance into compliance with state law which gives local Conservation Commission advisory authority only.)

Yes **No**

Article 36. Adoption of Underground Propane Gas Tank Ordinance

To see if the Town will vote to adopt the following amendment of and addition to the Town Ordinance relative to the installation of Underground Tanks (adopted March 17, 1984): Label the existing ordinance, pertaining to underground storage of petroleum products, as 'I. Petroleum Products'

ADD the following new section:

'II. Propane Gas. Underground propane gas tanks may be installed within the Town of Atkinson under the following conditions:

1. Underground LP Gas systems must be designed and installed in accordance with the provisions of NFPA 58, Standard For The Storage and Handling of Liquefied Gases; NFPA 54, National Fuel Gas Code; BOCA, National Fire Prevention Code, and all applicable state, provincial, and local codes and regulations covering these installations, specifically including RSA 146-C.

2. An underground tank shall be set on a firm foundation; i.e., poured concrete pad. All tanks must be anchored to the concrete foundation using appropriate methods; i.e., plastic covering wrapped around tie downs.

3. Clean sand (no rocks) shall be used to back fill around the tank and gas lines to the building foundation.

4. Marking tape shall be installed below ground level, approximately one foot or less above buried gas lines, for warning purposes.

5. A manual shut-off shall be installed on gas lines, to be located at the side of the building nearest the location of the buried gas tank.

6. Two (2) anode bags shall be installed with any buried tank over 500 gallons; one anode bag with any buried tank of 500 gallons or less. (Anode bags shall be spot welded to tank, and located at the lowest point in tank hole.)

7. Each tank installation will be marked with a three-foot column above grade, placed close to the center of the buried tank and painted yellow. This column shall be permanent in nature and have a minimum diameter of one inch (1").

Article 37. Commercial Fire Safety Inspections

To see if the Town will vote to adopt the following ordinance as submitted by the Code Enforcement Committee:

"The purpose of this ordinance is to require all commercial businesses in the Town of Atkinson to submit to an annual fire safety inspection by the town's Fire Inspectors under guidelines developed and approved by the Code Enforcement Committee. The annual fee for these inspections shall be $35.00. This fee shall be borne by the owner of the business being inspected.

Failure to allow the yearly inspection of said commercial business may result in a fine of not more than Ten Dollars ($10.00) per day for every day (excluding weekends and holidays) that the Fire Inspectors are not allowed to enter the commercial business to perform this inspection.

A fine of Ten Dollars ($10.00) per day may be assessed to the owner of the commercial property for failure to correct any violations that are found, following the five (5) day grace period allowed by the Fire Inspectors."

Assessment of fines will be determined by the Board of Selectmen.

Building Inspector

Building in 1995 remained consistent with 1994. A small increase in single family homes was noted, but there was a decrease in condominiums. Depending on market conditions, we may see a phenomenal increase in building in 1996. The Planning Board has approved five single family subdivisions and 2 condominium projects. There is a potential for approximately 89 new single family homes and 79 new condominium units. Looks like we will be very busy! As always, the market conditions will determine Atkinson's future.

The Town continues to add to its inventory of low/moderate homes in Atkinson. In 1994, 4 low/moderate occupancy permits were issued. In 1995, we issued 1 low/moderate occupancy permit and 1 low/moderate building permit. Of the new subdivisions approved, an additional 24 units could be added in the near future.

In 1995, 196 Building Permit Applications were reviewed. 195 permits were issued, 1 denied and, later, 8 were voided. The total value of these permits was $6,065,205.00

Conservation Commission

The Atkinson Conservation Commission meets regularly on the second Monday of each month at Atkinson Town Hall beginning at 7:30 pm. Anyone interested is welcome to attend since all meetings are open to the public.

During this past year the commission has reviewed several proposed subdivision applications with wetland impact and made recommendations to the Atkinson Planning Board and the New Hampshire State Wetlands Board. Several of our meetings were well attended. The commission had a lot of input from local citizens regarding proposed subdivisions adjacent to Route 111 near Big Island Pond and another off Maple Avenue on Little Rob Road. The commission has done a considerable number of site walks on all the applications before the commission and also to assist local citizens who request information about wetlands on their property. The site walks included a subdivision road off Providence Hill; the proposed golf course, where a pond is proposed for excavation; and two proposed subdivisions - Carriage Estates off Maple Avenue and Snug Harbor off Route 111.

As part of the commission's ongoing Town Forest Management Plan, the next scheduled logging project located on the Marshall land off Island Pond Road north of Route 111 was completed this past year. Both Chet Ladd and Doug Henderson have coordinated this project and have spent much time to ensure that the town's forest management plan is implemented.

A subcommittee of the conservation commission, which is chaired by Scott Kukshtel and includes volunteers from the community and Planning Board, has been meeting regularly and conducting site walks to evaluate Atkinson's wetlands. Technical assistance and funding is through the grant which was received from Rockingham Regional Planning Commission/Office of State Planning and N.H. Audubon Society to evaluate the wetlands in our community. Since the evaluation phase is not complete, the commission will be planning an informational meeting before starting the second phase of this two year grant, which is planned to update the wetlands ordinance with the information obtained through the evaluation process and through the expertise of the agencies offering the grant. Betsy Weare, planner from Rockingham Regional Planning Commission, has provided many hours of valuable technical assistance to the Wetlands Evaluation Subcommittee and its members. All these people have spent much time learning about the town's wetlands.

The commission encourages the townspeople to enjoy and use the town conservation lands. The lands and trails are here for your outdoor passive recreational enjoyment.

Fire Department

The Fire Department members continue to train and update themselves in all aspects of Fire and Emergency Medical Services. We have logged over 7,000 man hours for training and calls, including a total of 359 emergency responses, throughout the year. All members continue to unselfishly volunteer their time to protect and serve the residents of our community.

The Fire Prevention Department has had a very busy year. They continue to work with the Building Department and Planning Board, addressing life safety issues as they arise. As always, the month of October (Fire Prevention Week) was an exciting and very important period for our department. The first item of business was to produce a film to introduce our residents to a series of four fire safety films which were shown on Channel 20. Our thanks to Barbara Snicer and her staff for assisting in this effort.

During October, the three Atkinson schools were visited and a fire prevention program was presented to all students - day care through fifth grade. Videos, demonstrations, fire drills and handouts were all part of the educational programs. Thanks to Donald Main for his generous monetary contributions to this venture. Many thanks also to the Atkinson Academy staff and staff of the two day care centers for their warm welcome. It is the Fire Department's belief that teaching proper fire safety procedures is the key to a fire-free environment.

On October 14th, an open house was held at the fire station. We hope that more of our residents will attend this annual event. Come visit our facilities, meet our members and check out your equipment.

The refurbishment of Engine 3 has been completed and we are very happy with the final product. Engine 3 will be able to serve the community dependably for many years to come.

1995 was a very important year for the Town, with the Statewide start of E 911. The phone system has proven to be a valuable asset to Emergency responders. During that process we were also able to update our road names and numbers to eliminate conflicts. I thank all the residents who cooperated in this process and made their changes promptly, regardless of the associated inconvenience. I also want to thank the 911 Committee for the good work done to make the transition to E 911 as smooth as possible. A special thank you to Greg Lemay, whose Eagle project of house numbering was invaluable to all Emergency Responders throughout our community.

In closing, I wish to thank the membership for their dedication to training and fire/emergency rescue responses and also the Fire Prevention Bureau for the diligence in dealing with developers. I also wish to thank the Fire Department Officers for working with me to continue to bring the Fire Department to the highest standards possible with the development of defined goals and objectives.

Lastly, many thanks to the townspeople for their continued support.

Highway Department

1995 was another productive year for the Atkinson Highway Department. By completing Old Coach Road and Oak Hill Circle we have finished an entire neighborhood by either reconstructing or repaving every road between Pope Road and Walker Road. We also completed another neighborhood consisting of Bluebird Lane, Pheasant Lane, Salem Road and Jericho Road. Jericho was done using off-site improvement money from a private contractor.

I am very proud of the work that took place on Providence Hill Road this year. Lewis Builders generously donated the reconstruction of a one thousand foot area of the road. The town shimmed and overlaid roughly 1600 feet in addition to that 1000 feet, giving the town approximately half a mile of good pavement for very little cost. Additionally, I am happy with the drainage work we completed in 1995 on Upper and Maple Avenue in preparation for the reconstruction and paving of lower Maple Avenue, from Academy Avenue to Main Street.

Also for 1996, we anticipate the completion of another neighborhood, to include repaving of Green Hill Road, partially reconstructing the failed end of Robie Lane and totally reconstructing Upland Road. Far View Hill Road and Woodside Way are also scheduled for reconstruction.

Reconstruction of Providence hill Road will again be an issue at Town Meeting this year. It is a highly traveled road in need of attention, and I would appreciate your support in getting the article passed and the road completed.

I am very proud of our snow removal efforts so far this winter. Despite an unusually harsh December, I was able to stay within my winter budget for 1995. For 1996, I'm hoping to complete the computerization of our sander fleet and the installation of calcium chloride spray systems to make our sanding operations more efficient and give them greater range. Calcium chloride makes what salt we use more efficient and melts ice at colder temperatures; this should help drop our salt use by about 10 to 15 percent for an average season.

In closing, I'd like to thank the townspeople for their continued support at election time, Town Meeting, and throughout the year.

Kimball Public Library

The biggest news from 3 Academy Avenue during 1995 was the Town's decision to expand. A professional consultant will help the Town determine the best method of expansion to suit our growing space needs. Aaron Cohen Associates of New York was chosen to conduct our space needs survey; the first draft of his report is being reviewed as this report goes to press. Library 2000 conducted a town-wide survey to collect data to be used by the consultant. The committee also had input in selecting Cohen Associates.

The director and staff participated in enrichment workshops, programs and activities, including Merri-Hill-Rock and WinnShare Library Cooperatives. The staff became certified in CPR, part of their continuing effort to serve the town in an ever-expanding way. Joe Rodio, our Library Director, keeps current in all facets of library science, weeds the oldies, obtains new materials at the best prices, keeps our costs down, works with the Trustees on policies and procedures, strives constantly to benefit the staff and patrons. We are extremely fortunate to have such knowledgeable, devoted, friendly staff and core of volunteers.

The Friends purchased CD Roms, framed a photograph by Caroline Orr for the gallery, organized trips, funded our holiday programs, and continued to remain very sensitive and informed about the needs of KPL. The Friends' willing spirit, and determination to grow, make this dynamic group invaluable.

Circulation figures climbed; year-end figures broke records. 1995 circulation was more than 5300 over 1994, with an overall 9% increase. Feedback indicates a happier, more informed group of patrons use the library for a variety of reasons. Adult video rentals were up 28%, audio books were up 31%, music items were up an astounding 103%! Although we all love a quiet evening with a good book, these figures clearly indicate that our patrons know KPL is truly a multi-media lending library.

Story hours continue to serve the small ones. What a wonderful way to introduce them to the world of books and a very good opportunity for young parents to pick out a book, magazine, album or video to bring home.

The wheelchair-access restroom was completed in the spring. General and/or emergency clean-up, fix-up items were handled as needed. Most large items will wait for expansion.

Thank you sincerely for the donations, memorial contributions, suggestions, compliments, and most of all for your support and patronage, without which YOUR library would become a building without a purpose. Atkinson and its library: a winning combination in 1995 and in the future.

Planning Board

The 1995 calendar year was a very busy year for the Planning Board.

Subdivision activity, especially in the 'low/moderate cluster' kept us busy much of the year and, many times, into the wee hours of the morning. I want to thank the Planning Board members, all of whom have regular jobs, for being attentive and informative until 1:00 or 2:00 a.m. I also want to apologize to those of you who had to wait until these late hours to have input or be informed on matters before the board. During this time, we have approved the following:

Subdivisions:
- Brushwood Estates (off Jericho Road) - 14, 4-bedroom single family homes.
- Butler Estates (off Providence Hill Road) - 12, 4-bedroom single family homes.

Low/Moderate Cluster Subdivisions:
- Dearborn Estates (off Amberwood/Fernwood Drive) - 11, 3-bedroom single family homes with 3 units set aside for low/moderate.
- Carriage Chase Estates (off Little Rob Road) - 21 homes, 16, 4-bedroom and 5, 3-bedroom. 5 units set aside for low/moderate.
- The Woodlands of Atkinson (off Lakeside Drive/Route 111) - 56, 2-bedroom units. 12 set aside for low/moderate.

The Planning Board is working to shorten our Public Hearings by using a Technical Review Person from Rockingham Planning Commission. We feel this will make the process more understandable for the board, the public and the developers.

We have also worked to form a line of communication between the Planning Board and other Boards in town. Members have been assigned as liaisons to these various boards. We are especially grateful for our new reviews of plans being performed by the Conservation Commission which is not only looking for wetlands crossings, but is now commenting on the total plan and has already helped us on two plans.

We are glad to report that the Capital Improvement Plan, which the Planning Board has jurisdiction over, is progressing very well. Its success is based on the cooperation of all departments. We want to thank Harold Morse for chairing that Committee.

We are all looking forward to a busy 1996.

Police Department

1995 was a relatively quiet year. We did experience a very disturbing increase in house breaks. We encountered a group of thugs who were not only hitting our town, but also broke into a number of homes in surrounding towns. We put in place as many extra patrols as we could with the personnel we had at that time. Fortunately, this group moved on and things quieted down considerably.

In March of 1995 we employed our third full-time officer. This was made possible through COPS FAST, a grant funded by the Federal Government, for which I applied. By employing this third full time police officer, we are now providing 24-hour-a-day coverage by the same officers. This now allows the officer to become very familiar with who should and should not be in any given area at any given time. I have carefully considered a request from the Board of Selectmen to hire a fourth full-time police officer, and can confidently say there is absolutely no need to take on the added expense at this time. At this time we are in good shape for providing coverage to our residents, and will be able to continue to do so for quite some time, with the present complement of full-time officers.

We are constantly trying to come up with additional programs for our elderly. Our second annual Flu Shot Clinic was very successful - we had almost 200 residents come to our Police Station for their flu shots. A new agreement with Mitchell Security Company will allow the installation of the Medical Alert System in the homes of our seniors at a reduced cost. This is a valuable tool which allows a person to call for assistance by pressing only one button, which is suspended on a chain around their neck. The only cost to the resident is a $15.00 per month monitoring charge. The regular $170.00 installation charge has been split between Mitchell Security and the Police Department's Donation Account. If you would be interested in taking advantage of this service, please call me at the Police Station between the hours of 8 a.m. and 4 p.m. at 362-4001.

We are fortunate that Atkinson has one of the lowest, if not the lowest, crime rate in the area. This is accomplished by providing as many neighborhood patrols as possible. By being as visible as we have been has helped reduce our neighborhood crime statistics dramatically.

I have in the past and will continue in the future to make myself available to any Atkinson resident. I can be reached through the Police Department at 362-4001, or at my home, 362-5627. All members of the Police Department are dedicated to providing the residents of Atkinson with the most efficient and professional police service possible. Please drive defensively, love and respect thy neighbor, and make 1996 a safe, memorable, and enjoyable year.

Board of Selectmen
Town of Atkinson
21 Academy Avenue
Atkinson, New Hampshire 03811

In planning and performing our audit of the financial statements of the Town of Atkinson, New Hampshire for the year ended December 31, 1994 we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we did become aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The material that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated April 10, 1995 on the financial statements of the Town.

We will review the status of these comments during our next audit engagement. We have already discussed these comments and suggestions with various Town personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Status of Prior Year's Recommendations:

We noted that the prior year's recommendations concerning monthly reconciliations of the cash accounts to the general ledger, the the reporting of the Police Donations Account, and accounting for road bonds had been implemented and have addressed our findings expressed in the prior year's audit. However, we would recommend that one additional simple procedure be implemented for the Road Bonds to complete the process and enable the Planning Board to close out its files as the Bonds where returned. The Treasurer should forward to the Planning Board a copy of the closure of the account to enable the Planning Board to close out the files it maintains.

Conservation Commission Bank Accounts:

Finding - The Conservation Commission bank accounts, as confirmed by the bank this year, do not list the Town Treasurer as an authorized signer of the accounts.

Recommendation - NH RSA 36A:5 requires the account to be in the custody of the Treasurer. We would recommend that this be done in 1995 and the Treasurer be added as an authorized signer on the account.

Management's Comments - In accordance with the recommendations of the auditors, we are requesting that the Conservation Commission amend their accounts to include the name of the Treasurer as an authorized signer on the accounts.

Lapse of Warrant Articles:

Finding - The Board of Selectmen did not vote to encumber warrant articles to be carried over to 1995 prior to the end of 1994, as required by RSA 32:7V.

Recommendation - The Selectmen need to approve warrant article carryovers prior to year end. Without a binding contract or a vote at Town Meeting on the original article making it non-lapsing, the original warrant article lapses at year end and reverts to fund balance unless approved prior to year end.

Management's Comments - In future years, all votes on carryover warrant articles will be taken in early December to ensure compliance with the new state statutes.
